EDUCATION

Faculty of Nuclear Sciences and Physical Engineering (CTU) <i>Bachelor of Science in Mathematics (GPA: 1.29 (A))</i> – Relevant Coursework: Linear & Abstract Algebra, Real & Complex Analysis, Numerical Maths.	Prague, CZ 2024 – 2027
Nový PORG <i>International Baccalaureate (IB) Diploma</i>	Prague, CZ 2016 – 2024

ACADEMIC INVOLVEMENT

Student Research Assistant <i>Mathematical Modelling Group (FNSPE)</i> – Assisting researchers in exploring the mathematics behind Deformable Image Registration (DIR) . – Reviewing literature on multi-modal medical datasets to build field-specific knowledge.	April 2025 – Present Prague, CZ
Student Research Assistant <i>Applied Mathematics & Medical Imaging Group (NSYSU)</i> – Will be assisting researchers in implementing Deformable Image Registration (DIR) algorithms via variational PDE methods to model tissue deformation across 3D CT/MRI scans.	February 2027 – June 2027 Kaohsiung, TW

INDEPENDENT PROJECTS

HackFJFI <i>Founder & Lead Organizer</i> – Founded and organized the hackathon event, leading all planning, operations, and execution. – Secured event sponsorships and managed venue, budget, and event logistics. – Connected winners of the hackathon with local sponsors via internships.	2025 – Present
Integration Bee <i>Organizer</i> – Curated calculus problems to encourage peer engagement with Real Analysis. – Coordinated with local sponsors to manage event logistics. – Connected winners with local sponsors via internships.	2024 – Present

SKILLS & CERTIFICATIONS

Certifications: Private Pilot License (PPL), Open Water Diver (OWD)
Computational Tools: R, Python (NumPy, Matplotlib),
Languages: English, Czech, German, Norwegian (Bokmål)
